

ACRES FOR AUROVILLE land campaign

24 April 2016 - the anniversary of the Mother's final arrival

On April 24, 1920, the Mother arrived in Pondicherry to join Sri Aurobindo - she called it “the tangible sign of the sure victory” – and she never left again. For the next 30 years, the “united two” collaborated for the establishment of a new Consciousness for humanity and for the Earth. Then the Mother inaugurated Auroville, the City of Dawn, as a concrete, material act for the further evolution of this new possibility. Establishing this spiritual Force in Matter and anchoring it through land was the next crucial step. As she declared:

“There should be somewhere upon earth a place ...”

The Indian Parliament affirmed the goal of fostering Auroville on behalf of Humanity, and designated the intended land. But today the essential task of acquiring this defined land remains an unfinished and urgent task. Land is needed for all of Auroville's material body – to protect the Matrimandir, to unify the City's urban center and complete its infrastructure, and to assure the green areas that give the township water, food, life, and protection.

The **ACRES FOR AUROVILLE** campaign is dedicated to securing the land needed for completing the City Area and for protecting the consecrated atmosphere of the Matrimandir. The **GreenAcres** campaign is dedicated to securing the land for the Greenbelt.

**Let's give Auroville the land that the Mother envisioned!
Later will be too late! The time to do it is NOW!**

Please specify your donations for either **ACRES FOR AUROVILLE (City Area)** or **GreenAcres (Greenbelt)**:
via the Auroville Unity Fund (checks/bank transfers) - via www.auroville.com/donations/
or via your country's Auroville International center www.auroville-international.org
For more information & tax deductibility www.colaap.org

ACRES FOR AUROVILLE is a collaboration of 'Auroville International' with 'Lands for Auroville Unified'
