### SOUL CONNECTION

We will learn to connect to our soul via the **Layers of the Heart** process which has been developed by Soleil Aurose. It's profoundly life changing as one can experience oneself as a continuum of being- a personality, a Soul and a transpersonal Self. The experience becomes anchored in the *Akashic* record of the cells, which makes returning to this experience in meditation much easier.

### Quotations from participants:

**Carol M., Vancouver, Canada:**

*"I powerfully felt my Canadian roots. I have gained another great support, a Higher power through the Soul of Canada".*

**Christa R., Germany:**

*"Your workshop was deeply touching and most of all very effective to me. Before I was suffering on melancholic and depressive thoughts and feelings connected with Germany. They are gone"*

**Jaya, Auroville, India:**

*"We all found the workshop very useful. This tool helped us get deeper than the research and cultural events to discover the nation soul".*

### SOUL OF MY NATION

We will then focus on discovering and feeling the qualities and shadows of our **Nation Soul** in our own body. We can experience why our soul choose to be born in our nation, how our soul can contribute to our nation's soul dharma, how we can discern qualities of our nation soul and ego in our body and transform the negative shadows. We may also gain insights if our soul wants to commit with another nation's soul at this point in our life. We may see ourselves as well as nations as purposeful spiritual beings in an on-going divine evolution. We will experience an expanded sense of identity and feel a new sense of Home, peace and safety within.

**We will focus particularly on the souls of Holland, Belgium/Flanders and France**

**Lynda L., Lodi CA USA**

*"A first- class workshop! Resulted in deep spiritual experiences, remarkably insights and practical applications of transformative practice. Soleil and Wolfgang are a wonderful team and transmit a rich integral vision and experience".*

## Friday, June 20, 2014

Evening, start at 19.00

### ■ The New Integral View of Nations in Human Evolution.

With a colourful slide show Wolfgang will present the current sociological discussions about the issues of "nations" in today's fast changing world and an exposure to the visionary approach of Sri Aurobindo. Behind increasing planetary disorders, wars, revolutions and crises, nations and individuals are evolving to where they can awaken to their true souls.

Sri Aurobindo stresses a partner-like relation of the individual with the national soul. He points also to a national ego with its shadows. To transform into a new world centric consciousness it is needed to process the national shadows and to integrate the national soul qualities in one's soul.

## Saturday, June 21, 2014

Morning, start at 09.30

### ■ Practicing Layers of the Heart

Participants learn to facilitate another person in resolving issues presented at the emotional heart center. They go through the levels of the heart to the region of the Psychic Being and transcend vast into the transpersonal experience. All that is beautiful, light filled, and supportive is then brought back up through the layers of the heart.

Afternoon

### ■ Becoming Aware of your nations' Soul Qualities and Shadow Aspects.

Short exercises. Discovering and integrating in your body some key qualities of the country where you are born or mostly related with.

### ■ Your relation with the national Soul Qualities and the national Ego Aspects

Discovering and healing in your body some key shadow aspects of your country.

## Sunday, June 22, 2014

Morning start 09.30

### ■ Embracing the national Soul

Taking the Soul of the country, where you are born or mostly related with, to your Personal Soul.

Group Process > Taking all that you have experienced in the last two days. It may emerge as ways to contribute to your country, to Auroville or to an international working environment. It may create a new sense of Home, peace and safety within, and a new expanded identity with roots in the uniqueness of your nation's soul.

### ■ Nation & international cooperation & a Dutch/Flemish Pavilion in Auroville

How can one's alignment to the nation's soul help to appreciate the uniqueness of other countries and cultures too? How can we contribute to the International Zone in Auroville?

Maurice B., Belgium:

"Is Belgium a surrealistic accident of history, as some argue, or is this little country a real nation with a clear psychological and cultural identity? Thanks to many compromises and consecutive state reforms we have reached a balance with a highly complex governance structure with six governments. Can it be an example of unity in diversity? In this workshop we aim to discover the soul of our nation".
